

## How we arrived at this figure

Contrary to what the police say, we found that two-thirds of all homicides under investigation in the three Metro Manila municipalities we looked at are linked to drugs. This document explains how we made this calculation.

The National Capital Region Police Office (NCRPO) provided a spreadsheet of all homicides under investigation from July 2016 to the end of 2018. A copy of that spreadsheet is on page 2 of this document.

According to NCRPO, the number of homicides in the three cities are as follows:

City	Total Homicides (July 2016 to December 2017)
Quezon City	615
Manila	507
Caloocan	759
<b>Total</b>	<b>1,881</b>

The total number of drug-related homicides that we found from police, news, and other sources are as follows. A database that lists all drug-linked homicides, by both police and masked gunmen, can be found here: <https://data.world/stabile-center/ph-drug-war>.

City	Drug-Related Homicides (July 2016 to December 2017)
Quezon City	357
Manila	245
Caloocan	604
<b>Total</b>	<b>1,206</b>

We divided 1,206 by 1,881 and got 0.64 or about two-thirds.

**Homicide Cases Under Investigation**  
**July 1, 2016 - December 31, 2018**  
**Incident Count**
